Change young lives for the better

Youth Community Leader Programme

Duration 2 hrs

Kidscape are delighted to offer our CPD accredited Community Leader Programme to inspire adults and young people to support our vision for all children to grow up in supportive communities safe from bullying and harm.

The aim of the programme is to empower young people supporting, working, and participating in community life, to take action and be confident in challenging and reporting bullying behaviour.

Throughout the programme Kidscape will:

- Share our vision to create a world where all children are safe from bullying and harm
- Help you to understand the impact and long-lasting effects of bullying on young lives
- Listen to the feedback of the challenges that young people face daily
- Enable you to identify the signs and symptoms that a young person may be experiencing bullying
- Support you in learning practical strategies that support children with emotional health, relationships, and bullying (face to face and online)
- Share with you the knowledge to confidently signpost young people to receive help
- Welcome you in joining a community of young people who are passionate about taking positive action together and helping to shape the future of Kidscape's provision for young people

"It was beneficial understanding how different aspects of bullying can affect people in different ways and how different people chose to help deal with the problems."

How to apply

For further information and to secure your place, please contact Kelly@kidscape.org.uk
